We invest in the lives of young men and women as they discover and pursue the path that God has laid out for them. Working in partnership with local churches, we offer life skills courses for at-risk youth and young adults, covering topics from *understanding my identity in Christ* and *navigating relationships* to *personal finance* and *professional conduct*. Additionally, we work within the same churches to train and equip mentors who can serve as an ongoing, positive relationship for those individuals who have little or no other external family support as they step into adulthood.
